"WHAT DOES ROTARY
MEAN TO ME?"
SAM SHENKUS

I fondly remember my dear friend and sponsor Art Lee's warning as we walked to my very first Rotary lunch as his guest. Art thought I might become our club's first woman member and with a big smile he said, "Now Sam honey, just remember not to talk too much and don't screw anything up!" I also vividly remember my installation dinner as our club's first woman president and the joyous atmosphere of adventure that filled the Elks Club. That's what Rotary means to me, a joyous adventure. Throughout the years, the fellowship of my wonderful Ala Moana Rotarians has created an oasis of trust and laughter. The many community, international and district projects I have supported have combined to give me a personal foundation of respect for mankind. The constant opportunities to serve in Rotary have developed my commitment to serve as a Rotarian. I sincerely believe

serve as a Rotarian. I sincerely believe that my life has been enriched within the friendships of so many awesome Rotarians and that I am a better person because of Rotary. I look back over the years with deep appreciation of how Rotary has helped me to grow as a marketing professional, a person and a citizen. I look forward to a fulfilling future as a joyous Rotarian. Now if I can just get that part about not talking "too much".

Lance Kakemoto

Rotary Moment: Lance Kakemoto informed us that there are 1.3 billion people living in poverty, about 20 percent of the world's population, but the Rotary Foundation is working towards improving this condition. He gave us an example of a foundation project in Bangladesh spearheaded by a rotary club in Australia. The foundation is working towards either improving or developing elemental resources such as but not limited to live stock, fisheries, and forestry. Infrastructure such as healthcare is also being improved and/or developed. What's unique about this program is that in addition to external assistance provided by the foundation, the foundation also promotes community support and development.
